SUPPLIED TECH/PRODUCTION

NOTE: There is no sound technician on site for bookings.

A PA system with two wedge monitors and a Presonus Studiolive 32SC mixing console will be provided by Casino Edmonton.

An input box is in the cabinet to the left of the stage and pre-connected to the mixing console for plug and play setup.

Should you prefer to mix using an iPad running the UC Surface app, you may connect a wireless router to the mixing console. There is not a router or iPad on-site for you to use; please bring your own.

When mixing your sound, please do not change or reset any console settings. The input box has been paired to the mixing console and resetting will cause this to be inoperable. **There is no on-site support available, if needed, a 3rd party service call will be at your expense.**

At Casino Edmonton's discretion, it may be determined a tech is required for your event to ensure proper use of all equipment. Any costs associated will be clearly communicated in advance within your booking contract.

SUPPLIED TECH/PRODUCTION

EDM	4	SUPPLY-100	Presonus CDL12 Powered Line Array Main Speakers

A USER MANUAL FOR THE PRESONUS STUDIO LIVE 32SC MIXING CONSOLE IS PROVIDED ON-SITE AND VIA WEBLINK IN CONTRACT.

Please familiarize yourself with the mixing console manual in advance. If you feel you are incapable of mixing your sound with this mixing console, you may bring a sound technician at your own expense. **Casino Edmonton will not provide reimbursement of any performance expenses.**

IF TECH SUPPORT IS REQUIRED, PLEASE CONTACT:

H FACTOR PRODUCTIONS / 780-991-2418

(CALLS/SUPPORT ARE AT PERFORMERS OWN COST)

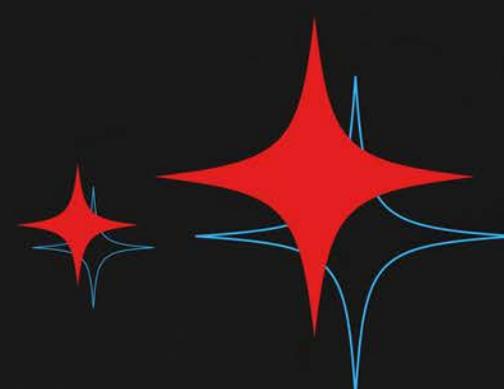

LIGHTING

The Social at Casino Edmonton is equipped with pre-programmed lighting. A switch beside the emergency exit doors will turn on multi-coloured stage lights. They will move in accordance with sound.

PROJECTION SCREEN

An HDMI input can be found on stage left. This can be plugged into a laptop (performers/renters own device) to showcase logos or video on screen.

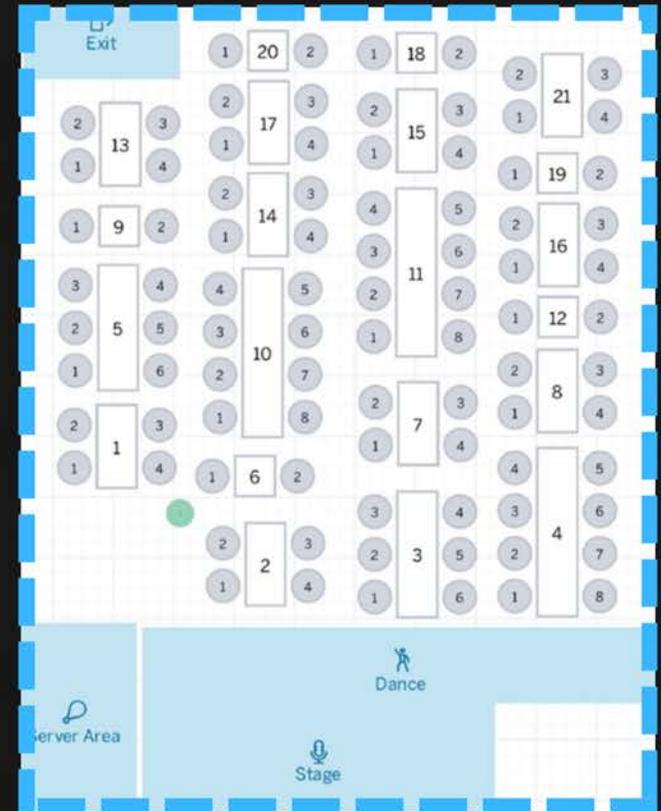

ROOM SPECS

The Social is generally set-up for seating at tables. Custom seating can be created on request during booking process.

CAPACITY

Seated: Approx. 90px

Standing: Approx. 120px
