HOUSE RULES

Welcome to CASINO EDMONTON!!

Our goal is to offer a first class venue for our guests and have placed a high priority on their comfort and safety. We expect all who work here to have the same priorities. The following is a list of House Rules. Hopefully these will eliminate any potential misunderstandings.

- 1. The name of the casino is CASINO EDMONTON (not Edmonton Casino). When you are talking on stage and have occasion to mention the casino, please refer to it in its proper name.**
- 2. Load-In is at the southeast corner of the building through the overhead doors. Equipment is not to be brought through the Main Entrance. When you first arrive at the casino, please check in with Security; they will assist you in opening the overhead doors and are required to be present while you unload your equipment and bring it into the casino. Set up and sound check is to be completed by 6:00pm; unless you have obtained permission for a later set-up. If you're going to be late you **MUST** contact your agent/us so that they may inform us ASAP.**

3. If you are performing on consecutive days, **equipment may be stored left on stage at your own risk.** Please note, we have 24-hour security in the casino, but we cannot take responsibility for lost or damaged items. Please place all gear cases neatly in hallway outside of showroom backdoors. Ensure they are neatly stacked against the wall and not blocking any pathways in back corridors.

4. On the final evening of your performance please **ensure that all equipment and personal effects are removed following your performance** unless special arrangements have been made in advance.

5. Sound/Volume is an ongoing concern at the casino. Primarily, our guests have come to the casino to play the machines or the tables. Everything else is an added bonus. You may receive instruction to adjust your volume from the Games Manager or Food & Beverage Supervisor in the stage area. Please work with these individuals; ensuring adequate volume control makes for an enjoyable experience for our guests.

6. Overall responsibility for the casino on any given evening is the Games Manager. **If you have any difficulties please see the Games Manager on duty.**

HOUSE RULES **CONT.**

- 7. Please ensure that your performance begins on time and does NOT conclude early. All performances unless negotiated in advance are 8pm - 12am; both nights (4 x 45 minute sets or 3 x 60 minute sets at performer's discretion).**
- 8. Although patrons may dress in a casual fashion, we expect all our employees and contractors to dress in appropriate attire. No inappropriate or offensive clothing permitted.**
- 9. Fountain pop, juice, coffee or water is available at the bar free of charge for entertainers. We also offer our 10% staff discount on any purchased meals. Our staff will be pleased to offer whatever assistance they can.**
- 10. The use of special effects is strictly prohibited at any time during the event. This includes, but is not limited to, smoke machines, fog or haze machines, dry ice, pyrotechnics, fire or flame effects, lasers, strobes, confetti cannons, phasers, or any similar atmospheric, visual, or sensory effects.**

HOUSE RULES **CONT.**

11. If using a backdrop for your performance the material **MUST** be fire retardant and have proper safety sign (as per fire regulations). **Please ensure that the stage is left very tidy / uncluttered from sound check on.** Please leave the stage area in the condition you found it. Alternate option is to use the projector screen. An HDMI cord is found on stage left that a laptop may be plugged into for screen use.

12. **No alcohol is permitted on stage at any time.** Performers and representatives must not be intoxicated or impaired while performing or on duty. **Alcohol may be consumed in moderation during intermission only.** Smoking, vaping, and the use of tobacco or cannabis are prohibited inside the casino, the venue, and near entrances and exits. A designated outdoor smoking area is located at the north entrance. The possession or use of illegal drugs is strictly prohibited. Anyone whose conduct compromises safety or operations may be removed from the property without further payment obligation.

13. Respectful Conduct: Performer(s), their representatives, crew members, contractors, and guests shall treat all Venue staff, security personnel, contractors, and service providers with respect and professionalism at all times. Harassment, abusive language, aggressive behavior, or failure to comply with Venue staff or security instructions will not be tolerated and may result in immediate removal from the premises, termination of the performance without refund or further compensation, and disqualification from future bookings at the Venue.

Audience + Staff Feedback plays a significant part in our decision to re-book groups.

We encourage you to share your performance dates with your following!

We respectfully acknowledge the traditional territories of the Indigenous peoples of the Treaty 6 region and the Metis Settlements and Metis Nation of Alberta, Regions 2, 3 and 4. We respect the histories, languages, and cultures of First Nations, Metis, Inuit, and all First Peoples of Canada, whose presence continues to enrich our community.

SUPPLIED TECH/PRODUCTION

NOTE: There is no sound technician on site. It is your responsibility to ensure you sound your best.

A PA system with two wedge monitors and a Presonus Studiolive 32SC mixing console will be provided by Casino Edmonton.

An input box is in the cabinet to the left of the stage and pre-connected to the mixing console for plug and play setup.

Should you prefer to mix using an iPad running the UC Surface app, you may connect a wireless router to the mixing console. There is not a router or iPad on-site for you to use; please bring your own.

When mixing your sound, please do not change or reset any console settings. The input box has been paired to the mixing console and resetting will cause this to be inoperable. **There is no on-site support available, if needed, a 3rd party service call will be at your expense.**

SUPPLIED TECH/PRODUCTION

A USER MANUAL FOR THE PRESONUS STUDIO LIVE 32SC MIXING CONSOLE IS PROVIDED ON-SITE AND VIA WEBLINK IN CONTRACT.

Please familiarize yourself with the mixing console manual in advance. If you feel you are incapable of mixing your sound with this mixing console, you may bring a sound technician at your own expense. **Casino Edmonton will not provide reimbursement of any performance expenses.**

IF TECH SUPPORT IS REQUIRED, PLEASE CONTACT:
